	12 Gov Change	1,240,878	GF to support Fish & Wildlife (F&W) related to: (1) \$792,694: License revenues were expected to increase due to a rate increase effective 1/1/11; this has not happened. FY 2011 actuals came in 4% lower than FY 2010 actuals and FY 2012 is now projected to come in close to FY 2011 actuals. These reductions are following a national downward trend in hunting license sales. In addition the department drastically reduced the number of moose and antlerless deer permits this year which impacts the purchase of hunting licenses. (2) \$232,184: It was unknown at the time the budget was developed that moose and antlerless deer lottery permit numbers would be drastically reduced thus reducing the number of lottery and auction applicants. (3) \$216,000: 8 vehicles are needed to resume the planned vehicle replacement schedule for the warden force.
