3 Referred to Committee on

4 Date:

5 Subject: Health; end of life; patient-directed dying

6 Statement of purpose: This bill proposes, subject to appropriate safeguards, to
7 allow a mentally competent person diagnosed as having less than six months to
8 live to request a prescription which, if taken, would hasten the dying process.

9 An act relating to patient choice and control at end of life

10 It is hereby enacted by the General Assembly of the State of Vermont:

11 Sec. 1. FINDINGS

12 The general assembly finds:

13 (1) The state of Oregon has been implementing its Death with Dignity
14 Act since 1998. In ten years, Oregon has seen a total of 541 terminal patients
15 formally request medication to hasten death and, of those, 341 patients took the
16 medication and died pursuant to the act. Oregon's annual report on the act
17 shows that in 2007, 85 prescriptions were written, and 46 patients died after
18 ingesting the medication. An additional three patients died after taking
19 medication pursuant to an earlier prescription, for a total of 49 deaths in 2007.

1 (2) Vermont has about one-fifth the population of Oregon. In the 2000
2 census, Oregon had a population of 3,421,399 and Vermont a population of
3 608,827.

4 (3) In the past 15 years, Oregon has seen its hospice enrollment increase
5 significantly. In 1993, only 20 percent of dying patients were enrolled in
6 hospice. By 2005, enrollment increased to 54 percent. In 2007, 88 percent of
7 the patients who used medication under the Death with Dignity Act were in
8 hospice care.

9 (4) Oregon health care professionals report that Oregon physicians grant
10 approximately one in six requests for lethal medication, and one in 10 requests
11 actually results in hastened death.

12 (5) Despite continuing improvements in techniques for palliative care,
13 most medical experts agree that not all pain can be relieved. Some terminal
14 diseases, such as bone cancer, inflict untreatable agony at the end of life.
15 Many cancer patients report that they would have greater comfort and courage
16 in facing their future if they were assured they could use a Death with Dignity
17 law if their suffering became unbearable.

1 Sec. 2. 18 V.S.A. chapter 113 is added to read:

8 capacity and is not suffering from impaired judgment.

9 § 5285. INFORMED DECISION

16 discovery only if the court finds that the records are necessary to resolve issues
17 of compliance with or immunity under this chapter.

18 § 5290. REPORTING REQUIREMENT

19 (a) The department of health shall require that any physician who writes a
20 prescription pursuant to this chapter file a report with the department covering
21 all the prerequisites for writing a prescription under this chapter. In addition,

1 physicians shall report the number of written requests for medication that were
2 received, regardless of whether or not a prescription was actually written in
3 each instance.

4 (b) The department of health shall review annually the medical records of
5 qualified patients who have hastened their deaths in accordance with this
6 chapter.

7 (c) The department of health shall adopt rules pursuant to chapter 25 of

11 available for inspection by the public.

12 (d) The department of health shall generate and make available to the
13 public an annual statistical report of information collected under subsections

15 which medication was taken by a qualified patient to hasten death but failed to
16 have the intended effect.

17 § 5291. SAFE DISPOSAL OF UNUSED MEDICATIONS

18 (a) The department of health shall adopt rules providing for the safe
19 disposal of unused medications prescribed under this chapter.

1 (b) Expedited rulemaking. Notwithstanding the provisions of chapter 25 of
2 Title 3, the department of health may adopt rules under this section pursuant to
3 the following expedited rulemaking process:

4 (1) Within 90 days after the date this act is passed, the department shall
5 file proposed rules with the secretary of state and the legislative committee on
6 administrative rules under section 841 of Title 3 after publication in three daily
7 newspapers with the highest average circulation in the state of a notice that
8 lists the rules to be adopted pursuant to this process and a seven-day public
9 comment period following publication.

10 (2) The department shall file final proposed rules with the legislative
11 committee on administrative rules 14 days after the public comment period.

12 (3) The legislative committee on administrative rules shall review and
13 may approve or object to the final proposed rules under section 842 of Title 3,

16 (4) The department may adopt a properly filed final proposed rule after
17 the passage of 14 days from the date of filing final proposed rules with the

5 adopted pursuant to chapter 25 of Title 3. Rules filed with the secretary of
6 state pursuant to this section shall be deemed to be in full compliance with
7 section 843 of Title 3 and shall be accepted by the secretary of state if filed
8 with a certification by the secretary of human services that a rule is required to
9 meet the purposes of this section.

10 § 5292. PROHIBITIONS; CONTRACT CONSTRUCTION

11 (a) No provision in a contract, will, trust, or other agreement, whether
12 written or oral, shall be valid, to the extent the provision would affect whether
13 a person may make or rescind a request for medication to hasten his or her
14 death in accordance with this chapter.

15 (b) The sale, procurement, or issue of any life, health, or accident insurance
16 or annuity policy or the rate charged for any policy shall not be conditioned
17 upon or affected by the making or rescinding of a request by a person for
18 medication to hasten his or her death in accordance with this chapter or the act
19 by a qualified patient to hasten his or her death pursuant to this chapter.

20 Neither shall a qualified patient's act of ingesting medication to hasten his or

1 her death have an effect on a life, health, or accident insurance or annuity
2 policy.

3 § 5293. IMMUNITIES

4 (a) No person shall be subject to civil or criminal liability or professional
5 disciplinary action for actions taken in good faith reliance on the provisions of
6 this chapter. This includes being present when a qualified patient takes the
7 prescribed medication to hasten his or her death in accordance with this
8 chapter.

9 (b) No professional organization or association or health care provider may
10 subject a person to censure, discipline, suspension, loss of license, loss of
11 privileges, loss of membership, or other penalty for actions taken in good faith
12 reliance on the provisions of this chapter or refusals to act under this chapter.

13 (c) No provision by an attending physician of medication in good faith
14 reliance on the provisions of this chapter shall constitute patient neglect for any
15 purpose of law.

16 (d) No request by a patient for medication under this chapter shall provide
17 the sole basis for the appointment of a guardian or conservator.

18 (e) No health care provider shall be under any duty, whether by contract, by
19 statute, or by any other legal requirement, to participate in the provision to a
20 qualified patient of medication to hasten his or her death in accordance with
21 this chapter. If a health care provider is unable or unwilling to carry out a

1 patient's request in accordance with this chapter and the patient transfers his or
2 her care to a new health care provider, the previous health care provider, upon
3 request, shall transfer a copy of the patient's relevant medical records to the
4 new health care provider. A decision by a health care provider not to
5 participate in the provision of medication to a qualified patient shall not
6 constitute the abandonment of the patient or unprofessional conduct under
7 section 1354 of Title 26.

8 § 5294. HEALTH CARE FACILITY EXCEPTION

9 Notwithstanding any other provision of law, a health care facility may
10 prohibit an attending physician from writing a prescription for medication
11 under this chapter for a patient who is a resident in its facility and intends to
12 use the medication on the facility's premises, provided the facility has notified
13 the attending physician in writing of its policy with regard to such
14 prescriptions. Notwithstanding subsection 5293(b) of this title, any health care
15 provider who violates a policy established by a health care facility under this
16 section may be subject to sanctions otherwise allowable under law or contract.

17 § 5295. LIABILITIES AND PENALTIES

18 (a) With the exception of the immunities established by section 5293 of this
19 title and with the exception of the provisions of section 5297 of this title,
20 nothing in this chapter shall be construed to limit liability for civil damages
21 resulting from negligent conduct or intentional misconduct by any person.

1 (b) With the exception of the immunities established by section 5293 of
2 this title and with the exception of the provisions of section 5297 of this title,
3 nothing in this chapter or in section 2312 of Title 13 shall be construed to limit
4 criminal prosecution under any other provision of law.

5 (c) A health care provider is subject to review and disciplinary action by
6 the appropriate licensing entity for failing to act in accordance with this
7 chapter, provided such failure is not in good faith.
