Introduced by Committee on Health and Welfare

Date:

Subject: Health; end of life; patient-directed dying; death with dignity

Statement of purpose of bill as introduced: This bill proposes to allow, subject to appropriate safeguards, a mentally competent person diagnosed as having less than six months to live to request a prescription which, if taken, would hasten the dying process.

An act relating to patient choice and control at end of life

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. FINDINGS

The General Assembly finds:

(1) The State of Oregon has been implementing its Death with Dignity Act since 1998. As of January 14, 2013, Oregon has seen a total of 1,050 terminal patients formally request medication to hasten death and, of those, 673 patients took the medication and died pursuant to the act. Oregon’s most recent annual report on the act shows that in 2012, 115 prescriptions were written, and 66 patients died after ingesting the medication. An additional 11 patients died after taking medication pursuant to an earlier prescription, for a total of 77 deaths in 2012.
(2) Vermont has about one-sixth the population of Oregon. According to the 2010 census, Oregon has a population of 3,831,074 and Vermont a population of 625,741.

(3) In the past 17 years, Oregon has seen its hospice enrollment increase significantly. In 1993, only 20 percent of all dying patients were enrolled in hospice. By 2005, enrollment had increased to 54 percent. In 2012, 97 percent of the patients who used medication under the Death with Dignity Act were in hospice care either at the time the prescription was written or at the time of death.

(4) Despite continuing improvements in techniques for palliative care, most medical experts agree that not all pain can be relieved. Some terminal diseases, such as bone cancer, inflict untreatable agony at the end of life. Many cancer patients report that they would have greater comfort and courage in facing their future if they were assured they could use a Death with Dignity law if their suffering became unbearable.

Sec. 2. 18 V.S.A. chapter 113 is added to read:

(b) Expedited rulemaking. Notwithstanding any contrary provision of 3 V.S.A. chapter 25 and 2010 Acts and Resolves No. 146, Sec. F4, the Department may adopt expedited rules to implement subsection (a) of this section pursuant to the following expedited rulemaking process:

(1) Within 90 days after the date this act is passed, the Department shall file proposed rules with the Secretary of State and the Legislative Committee on Administrative Rules under 3 V.S.A. § 841 after publication in three daily newspapers with the highest average circulation in the State of a notice that lists the rules to be adopted pursuant to this process and a 15-day public comment period following publication.

(2) The Department shall file final proposed rules with the Legislative Committee on Administrative Rules no later than 14 days after the public comment period.
(3) The Legislative Committee on Administrative Rules shall review and may approve or object to the final proposed rules under 3 V.S.A. § 842, except that its action shall be completed no later than 14 days after the final proposed rules are filed with the Committee.

   (B) after having received a notice of objection from the Committee, has responded pursuant to 3 V.S.A. § 842.

(5) Rules adopted under this section shall be effective upon being filed with the Secretary of State and shall have the full force and effect of rules adopted pursuant to 3 V.S.A. chapter 25. Rules filed with the Secretary of State pursuant to this section shall be deemed to be in full compliance with 3 V.S.A. § 843 and shall be accepted by the Secretary of State if filed with a certification by the Secretary of Human Services that a rule is required to meet the purposes of this section.
§ 5293. PROHIBITIONS; CONTRACT CONSTRUCTION

(a) A provision in a contract, will, trust, or other agreement, whether written or oral, shall not be valid to the extent the provision would affect whether a person may make or rescind a request for medication to hasten his or her death in accordance with this chapter.

(b) The sale, procurement, or issue of any life, health, or accident insurance or annuity policy or the rate charged for any policy shall not be conditioned upon or affected by the making or rescinding of a request by a person for medication to hasten his or her death in accordance with this chapter or the act by a qualified patient to hasten his or her death pursuant to this chapter. Neither shall a qualified patient’s act of ingesting medication to hasten his or her death have an effect on a life, health, or accident insurance or annuity policy.

§ 5294. LIMITATIONS ON ACTIONS

(a) A person shall not be subject to civil or criminal liability or professional disciplinary action for actions taken in good faith reliance on the provisions of this chapter. This includes being present when a qualified patient takes the prescribed medication to hasten his or her death in accordance with this chapter.

(b) A professional organization or association or health care provider shall not subject a person to censure, discipline, suspension, loss of license, loss of
privileges, loss of membership, or other penalty for actions taken in good faith
reliance on the provisions of this chapter or refusals to act under this chapter.

(c) A provision by an attending physician of medication in good faith
reliance on the provisions of this chapter shall not constitute patient neglect for
any purpose of law.

(d) A request by a patient for medication under this chapter shall not
provide the sole basis for the appointment of a guardian or conservator.

(e) A health care provider shall not be under any duty, whether by contract,
by statute, or by any other legal requirement, to participate in the provision to a
qualified patient of medication to hasten his or her death in accordance with
this chapter. If a health care provider is unable or unwilling to carry out a
patient’s request in accordance with this chapter and the patient transfers his or
her care to a new health care provider, the previous health care provider, upon
request, shall transfer a copy of the patient’s relevant medical records to the
new health care provider. A decision by a health care provider not to
participate in the provision of medication to a qualified patient shall not
constitute the abandonment of the patient or unprofessional conduct under
26 V.S.A. § 1354.

§ 5295. HEALTH CARE FACILITY EXCEPTION

Notwithstanding any other provision of law to the contrary, a health care
facility may prohibit an attending physician from writing a prescription for
medication under this chapter for a patient who is a resident in its facility and
intends to use the medication on the facility’s premises, provided the facility
has notified the attending physician in writing of its policy with regard to the
prescriptions. Notwithstanding subsection 5294(b) of this title, any health care
provider who violates a policy established by a health care facility under this
section may be subject to sanctions otherwise allowable under law or contract.
§ 5296. LIABILITIES AND PENALTIES
(a) With the exception of the limitations on actions established by section
5294 of this title and with the exception of the provisions of section 5298 of
this title, nothing in this chapter shall be construed to limit liability for civil
damages resulting from negligent conduct or intentional misconduct by any
person.
(b) With the exception of the limitations on actions established by section
5294 of this title and with the exception of the provisions of section 5298 of
this title, nothing in this chapter or in 13 V.S.A. § 2312 shall be construed to
limit criminal prosecution under any other provision of law.
(c) A health care provider is subject to review and disciplinary action by
the appropriate licensing entity for failing to act in accordance with this
chapter, provided such failure is not in good faith.
