Introduced by Committee on Health Care

Statement of purpose of bill as introduced: This bill proposes to establish state premium tax credits and cost-sharing subsidies for individuals purchasing health insurance through the Vermont Health Benefit Exchange. It would impose an excise tax on sugar-sweetened beverages and repeal the employers’ health care fund contribution assessment. The bill would also consolidate the existing health care claims assessment and the health care information technology reinvestment fee into a new health care claims tax, which would increase over two years from 0.999 percent of an insurer’s claims paid in fiscal year 2013 to 1.999 percent of its claims paid in fiscal year 2015.

An act relating to establishing premium and cost-sharing assistance, a sugar-sweetened beverage tax, and a health care claims tax

It is hereby enacted by the General Assembly of the State of Vermont:

Sec. 1. 33 V.S.A. § 1802(9) is added to read:

(9) “Modified adjusted gross income” shall have the same meaning as in 26 U.S.C. § 36B(d)(2)(B).
Sec. 2. 33 V.S.A. § 1812 is added to read:

§ 1812. FINANCIAL ASSISTANCE TO INDIVIDUALS

(a)(1) An individual or family eligible for federal premium tax credits under 26 U.S.C. § 36B with income less than or equal to 300 percent of the federal poverty level (FPL) shall be eligible for premium assistance from the State of Vermont.

(2) The Department of Vermont Health Access shall establish a premium schedule on a sliding scale based on modified adjusted gross income for the individuals and families described in subdivision (1) of this subsection. The Department shall reduce the premium contribution for these individuals and families by 1.5 percent below the premium amount established in 26 U.S.C. § 36B.

(b)(1) An individual or family with income at or below 300 percent FPL shall be eligible for cost-sharing assistance, including a reduction in the out-of-pocket maximums established under Section 1402 of the Affordable Care Act.

(2) The Department of Vermont Health Access shall establish cost-sharing assistance on a sliding scale based on modified adjusted gross
income for the individuals and families described in subdivision (1) of this subsection. Cost-sharing assistance shall be established as follows:

(A) for households with income at or below 150 percent FPL: 94 percent actuarial value;

(B) for households with income above 150 percent FPL and at or below 200 percent FPL: 87 percent actuarial value;

(C) for households with income above 200 percent FPL and at or below 250 percent FPL: 77 percent actuarial value; and

(D) for households with income above 250 percent FPL and at or below 300 percent FPL: 73 percent actuarial value.

(3) Cost-sharing assistance shall be available for the same qualified health benefit plans for which federal cost-sharing assistance is available and shall be administered using the same methods set forth in Section 1402 of the Affordable Care Act.

(c) To the extent feasible, the Department shall use the same mechanisms provided in the Affordable Care Act to establish financial assistance under this section in order to minimize confusion and complication for individuals, families, and health insurers.
Sec. 3. COST-SHARING SUBSIDIES; MANAGED CARE ENTITY INVESTMENTS

(a) It is the intent of the General Assembly to ensure that low- and middle-income individuals purchasing health insurance through the Vermont Health Benefit Exchange (Exchange) have financial protection from large out-of-pocket costs. The State of Vermont should enhance cost-sharing subsidies available in the Exchange if federal financial participation is available by funding the subsidies as a managed care entity investment through the Global Commitment to Health Section 1115 Medicaid waiver. If the Centers for Medicare and Medicaid Services (CMS) approves the State’s request to consolidate the Global Commitment to Health Section 1115 Medicaid waiver and the Choices for Care Section 1115 Medicaid waiver, it is the intent of the General Assembly to include the enhanced cost-sharing subsidies as such an investment.

(b)(1) In the event that the Global Commitment to Health Section 1115 Medicaid waiver and the Choices for Care Section 1115 Medicaid waiver are consolidated by CMS prior to November 1, 2013 and the State has sufficient financial capacity for new managed care entity investments, the Commissioner of Vermont Health Access shall propose to the Joint Fiscal Committee to modify the cost-sharing subsidy established in 33 V.S.A. § 1812(b) as follows:
(A) Cost-sharing assistance established in 18 V.S.A. § 1812(b)(2)(C) for households with income above 200 percent of the federal poverty level (FPL) and at or below 250 percent FPL shall be increased from 77 percent to 83 percent actuarial value.

(B) Cost-sharing assistance established in 18 V.S.A. § 1812(b)(2)(D) for households with income above 250 percent FPL and at or below 300 percent FPL shall be increased from 73 percent to 77 percent actuarial value.

(C) Cost-sharing assistance shall be established for households with income above 300 percent FPL and at or below 350 percent FPL at 73 percent actuarial value.

(2) The Joint Fiscal Committee shall review the proposal at its next scheduled meeting after notice from the Commissioner of Vermont Health Access of approval from CMS and the Commissioner’s assessment of the State’s financial capacity for new investments. The Committee shall review the relevant information to determine whether the CMS approval to consolidate the waivers did create sufficient financial capacity to include the subsidy as an investment. If the Committee so determines, it shall approve implementation of the proposal in this subsection (b).

(c) In the event that the Global Commitment to Health Section 1115 Medicaid waiver and the Choices for Care Section 1115 Medicaid waiver are consolidated by CMS after November 1, 2013 and the State has sufficient
financial capacity for new managed care entity investments, the Commissioner of Vermont Health Access shall propose to modify the cost-sharing subsidy established in 33 V.S.A. § 1812(b) in its budget adjustment request as follows:

(1) Cost-sharing assistance established in 18 V.S.A. § 1812(b)(2)(C) for households with income above 200 percent of the federal poverty level (FPL) and at or below 250 percent FPL shall be increased from 77 percent to 83 percent actuarial value.

(2) Cost-sharing assistance established in 18 V.S.A. § 1812(b)(2)(D) for households with income above 250 percent FPL and at or below 300 percent FPL shall be increased from 73 percent to 77 percent actuarial value.

(3) Cost-sharing assistance shall be established for households with income above 300 percent FPL and at or below 350 percent FPL at 73 percent actuarial value.
