that a private or public provider of prekindergarten education is qualified for
purposes of this section and include the provider in a publicly accessible

school district or a private provider, shall have received:

(B) concurrent enrollment of the prekindergarten child in the district of residence for purposes of budgeting and determining average daily membership.

(2) In addition to any direct costs of operating a prekindergarten education program, a district of residence shall include anticipated tuition payments and any administrative, quality assurance, quality improvement, transition planning, or other prekindergarten-related costs in its annual budget presented to the voters.

(3) Pursuant to subdivision 4001(1)(C) of this title, the district of residence may include within its average daily membership any prekindergarten child for whom it has provided prekindergarten education or on whose behalf it has paid tuition pursuant to this section.

(4) A prequalified private provider may receive additional payment directly from the parent or guardian only for prekindergarten education in excess of the hours paid for by the district pursuant to this section or for child care services, or both. The provider is not bound by the statewide rate established in this subsection when determining the rates it will charge the parent or guardian.
(e) Rules. To permit private providers that are not prequalified pursuant to subsection (c) of this section to create new or continue existing partnerships with school districts through which the school district provides supports that enable the provider to fulfill the requirements of subdivision (c)(2) or (3), and through which the district may or may not make

To authorize a district to begin or expand a school-based prekindergarten education program only upon prior approval obtained through a process jointly overseen by the Secretaries of Education and of Human Services, which shall be based upon analysis of the number of prekindergarten children residing in the district and the availability of enrollment opportunities with prequalified private providers in the region. Where the data are not clear or there are other complex considerations, the Secretaries may choose to conduct a community needs assessment.

tuition regarding quality assurance, transition, and any other matters; and
