

Variable Education Spending Growth Limits

Based on preliminary data submitted to the Agency of Education

- If a district exceeds its allowable growth limit, the amount over the limit is added to its actual per pupil spending for the purpose of setting its homestead education tax rates.
- Education spending is reduced by the exclusions allowed under current law for the excess spending penalty.
- Districts with an equalized pupil count that includes more than 10% "phantom" pupils are exempt from the growth limit.
- Districts that tuition all their students and pay an amount that does not exceed the average announced tuition are exempt from the growth limit.
- Allowable growth in per pupil spending ranges from 0% to 5.5% depending on per pupil spending in the prior year.
- The growth limit applies to education spending in FY2017 and FY2018 only.
