

**Clarification: Health Care Study Design RFP
6/11/10**

I would like to clarify a couple of points in the RFP and give you a heads up regarding the possibility of interviews as part of the proposal evaluation.

1. Number of components: As a number of you have noted, Section 4.3 of the RFP mistakenly refers to six components of the design. There are only five components.
2. Address for delivery of the proposals: The RFP does not include an address for delivery by US mail, express delivery or hand delivery. All of these should go to the Joint Fiscal Office, 1 Baldwin Street, Montpelier VT 05633.
3. Finalist interviews: It is very likely that the finalists will be invited to have a 45 - 60 minute interview with the commission members on Monday morning 6/28 starting at 10 am. Due to the accelerated timeline, finalists will not be notified until Friday morning 6/25. Under these circumstances, participation by phone for the interview will be an option.

Please give me a call if you have any questions.
